INSURANCE AGAINST FIRE!!

PENOBSCOT MUTUAL FIRE INSURANCE COMPANY.

Office at Bangor.

THIS Office is now in successful operation, having extended its business into sixty towns in the Counties of Penobscot, Waldo, Hancock, Washington, Piscataquis, Somerset, Franklin and Aroostook; and now presents its claims to the people of the whole Eastern section of the State, in the confidence that its superior location is unexceptionable, and the determination of its Officers to render it in every respect worthy their patronage, will ensure it to become ultimately the largest office in the State. The superiority of large Mutual Offices over Stock Offices must be plain to every man in the community. Policies issued for six years, and all extra hazardous risks rejected.

TAKE NOTICE.

E. & J. MOULTON & CO. would inform those who are indebted to them by note or account, that for the future they intend to change their mode of doing business by selling less on credit and more for cash and barter and being very desirous of settling up their demands they most earnestly request all those indebted to call and adjust their account without delay. To those who have not the money we would say bring what you may have to pay with. COUNTRY PRODUCE, LUMBER, or almost any kind of MERCHANDISE will be received in payment. To those who have been unfortunate and are unable to pay we would say come and see us, and if you cannot pay all, pay what you can and receive our demand cancelled; but in all events be sure and call without delay, for we should much regret to be obliged to send an unwelcome visitor to enforce payment in consequence of an unwillingness or want of effort on the part of the debtor to pay his debt.

DR. SHUBAL HEWES' CELEBRATED RHEUMATIC, NERVE AND BONE LINIMENT

Applied morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the stiffness and contractions of the limbs, and will take swellings down, and inflammations out of the flesh rheumatism bruises and sprains. It gives immediate relief; it strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the ears of deaf persons, will, by constant application, cause them to hear in two months' time.

Sold by the Druggists in Bangor and throughout the State. Address COMSTOCK & CO. New York.

HEADACHE.

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which they might not only alleviate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant in the taste.

Sold by every Druggist in Bangor, and through out the State. Address COMSTOCK & CO. New York.

Health and Strength!

DR S. O. RICHARDSON'S

SHERRY WINE BITTERS.

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered, and their general use for 37 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, Rockland, Lincoln Telegraph, Me., New York Evening Signal, &c., enough to assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy secretions, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Diarrhœa, Headache, Wandering or Fixed Pains, Flatulency, Costiveness, Want of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a

PHYSICIAN

and Graduate of the

NEW-HAMPSHIRE MEDICAL COLLEGE,

who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to a cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters put up in phials and small round bottles, purporting to be mine,

ARE RANK COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts," and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white linen paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

For sale, wholesale and retail, at the

Doctor's Office, 15 Hanover Street, Boston,

and in most Towns throughout the New-England States.

Price 75 cts. per bottle—50 cts. per paper.

For sale by Allen Morden & Co., George W. Holden, G. W. Ladd, Whittier & Guild, Benjamin Plummer.

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public for genuine. Read advertisement. Beware of Peddlers.

The Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully—by free use it will darken and give the hair a satin gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor, 'William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit, which has recently appeared and is now for sale, I have been compelled to obtain a new label engraved on copper, for which I have secured a copy right, entered according to an act of Congress in the Clerk Office of the District Court of Massachusetts. Any infringement will be dealt with according to law. For sale by

THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 50 cts a bottle, the true original and genuine Balsam of Liverwort, that has now been in use in Boston, N. York and Philadelphia, for the past thirteen years. It is the most popular remedy now in extensive use for cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine, call for Mrs M. N. Gardner's Balsam of Liverwort, and observe the signature of the proprietor, WM BROWN, Chemist, 481 Washington st., Boston, on the outside wrapper. As a further security against counterfeits, I have taken out a copy right of the outside direction, entered according to act of Congress, in the Clerk's Office of the District of Massachusetts, in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of our first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established—it needs only a trial.

For sale wholesale in Boston by the Proprietor. Also, for sale in large quantities by all the Wholesale Druggists; retailed by all the Druggists in Boston, Salem, Worcester, Springfield, Hartford, New Haven, Providence, and Taunton.

TOOTHACHE! TOOTHACHE! The genuine Gall and Kreosote is a sovereign remedy for removing this troublesome pain. It has been in extensive use for the past four years and in no case has there been the least injurious effect from its use. It is the clear Kreosote that has been so much cried out against. Thousands can be referred to who have pronounced the Gall and Kreosote the best remedy ever invented. This article removes the offensive breath when occasioned by defective teeth. Reference can be made in Boston, proving its efficacy, to John Putnam, M. L. Weems, J. A. Dill, N. Tolman, George Melville, F. H. Stephens master of Transportation Cars, Worcester. Prepared by Wm Brown, Chemist, 481 Washington st. None genuine unless signed by Wm Brown. For sale by all the Druggists in Boston. Price 25 cents, large size 50 cts.

RHEUMATISM, GOUT, SPRAINS.

Swollen Joints, Stiff Cords, Pain in the Limbs, Contraction of the Cords, &c.

S. Urgy's Kinridge's BONE LINIMENT combined a preparation from two celebrated prescriptions. For the diseases mentioned, this Liniment is unrivalled in its efficacy. It can truly be denominated a Pain Extractor, and it will remove pain when caused by the above complaints. It is put up in bottles at the low price of 50 cents, and is for sale by most of the druggists. For the genuine, call for Urgy & Kinridge's Liniment combined. See certificate. Wrapper

WM BROWN'S COMPOUND BONESET CANDY, for the cure of Coughs, Colds, Difficulty of Breathing, Sore Throat, and all pulmonary complaints. It is also in extensive use for Clearing the Voice of Vocalists and Public Speakers. Its efficacy is fully established for removing the above complaints. As there are imitations in the market that are frequently sold for Genuine, in order to avoid them the proprietor of this valuable Cough remedy, is to the great expense of having it stamped "Wm. Brown, Boston." Also the Directions are signed. For genuine observe the stamp, and receive no other. Price 19 cts for 1 oz. The great increase of sales this season is sufficient to satisfy the whole community of its superiority. As an evidence read Certificate:

I hereby certify that in the month of October, 1839 I manufactured from a medicated decoction furnished by Wm. Brown, Druggist, 481 Washington Street, Boston, 524 lbs of his Compound Boneset Candy. Same month this year, 1840 I manufactured for him 2283½ lbs, showing an increase to satisfy all that the article is truly all the go. Six years since in the same month I made but 50 lbs. It is now ten years to my knowledge that this Candy has been made by Mr Brown.

JAMES RICHARDSON, Confectioner,

DR. SEARS' UNIVERSAL SANGUINARIAN---OR BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an "infallible cure" for all diseases that flesh is heir to, whatever may be its character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish solid ground for presenting the public a remedy that may be confidently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills. For all the materials are drawn from the Vegetable Kingdom the grand source of support to animal existence. But in the combination the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system, and when it is farther considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, inspires and strengthens nature, and works its wonders, by generously cheering her on as a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Sale, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but sale, because it aids and co-operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

COPY OF CERTAIN RESOLVES PASSED BY THE LEGISLATURE OF MAINE IN THE YEAR 1841.

STATE OF MAINE.

RESOLVES for the appointment of a Board of Commissioners to settle the claims between certain individuals and the State.

RESOLVED, That the Justices of the District Courts in this State be appointed Commissioners (and in the event of a vacancy in the Board from any cause, the Governor, with the advice and consent of Council, shall forthwith proceed to fill the same) whose duty it shall be, on application made within one year from the passage of these Resolves of any person indebted to the State for the purchase of lands sold since the first day of January in the year of our Lord one thousand eight hundred and thirty four, or who have become assignee to any such purchaser, and having an equitable claim against the State, praying to be relieved from the payment of notes due to the State, and from obligation to perform certain settling duties, either wholly or in part, and asking for a conveyance of the land originally contracted to be sold, either wholly or in part, to proceed and hear and examine, on oath, or affirmation, every question and all facts relative to said applications. And said Commissioners are hereby empowered, after a full hearing and examination of such cases, to make a written report to the Land Agent, directing him to settle and adjust said claims in such way and manner and upon such terms as to them shall seem equitable, just and expedient; and said Commissioners may further direct such costs to be paid by said applicants, on account of expenses incurred by the State as to them shall seem reasonable and proper, to be paid before the execution by the Land Agent of the award.

Resolved, That each applicant shall make out and file with the Land Agent, as soon as may be, brief statements of his case—one copy of which shall be forwarded by the Land Agent to each of the Commissioners, and one to the Attorney General.

Resolved, That all documents and written evidence produced before said Commissioners shall be deposited in the Land Office.

Resolved, That the Land Agent be and hereby is authorized, upon the report made to him in writing by said Commissioners or a majority of them, to cancel and surrender any notes, securities, or obligations in his hands, and to discharge mortgages, give releases, and make and execute conveyances, in such way and manner, and upon such conditions only as shall be prescribed in the report of said Commissioners.

Resolved, That the Governor, with the advice of Council, is hereby authorized to audit the accounts of said Commissioners, and to allow them such compensation for their services, as to them shall appear reasonable and proper; and the Land Agent is hereby authorized to pay said Commissioners the amount due them allowed as aforesaid by the Governor and Council.

Resolved, That said Commissioners shall give public notice of the time and place of their first meeting under this Resolve, three months prior to said meeting, by publishing a notice thereof three weeks successively in the State newspaper, and in such other public newspapers as they may think proper; and it is hereby made the duty of the Attorney General to procure evidence, and to attend the meetings of said Commissioners, and act in behalf of the State in all applications that shall be laid before said Board of Commissioners. [Approved March 31, 1841.]

STATE OF MAINE.

An additional Resolve in relation to the appointment of a Board of Commissioners to settle claims between certain individuals and the State.

RESOLVED, That the Resolves approved March 31, 1841, appointing the Justices of the District Court a Board of Commissioners to settle the claims between certain individuals and the State, shall become a law and take effect from and after the passage of this Resolve; that a majority of said Justices may constitute said Board and be authorized and empowered to act in the premises, and that thirty days notice shall be given, instead of three months notice as required by said Resolves. [Approved April 16, 1841.]

The undersigned, the Commissioners named in the foregoing Resolves, hereby gives notice that they will meet at the COURT HOUSE, in Bangor, on the TWELFTH DAY OF JULY NEXT at ten o'clock in the forenoon, for the purpose of acting upon the claims, and performing the duties contemplated in said Resolves.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall in Boston commencing on MONDAY, SEPT. 20, of the present year.

The officers and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and skillful to unite for Premiums and Premium articles in every department of Art, Science, and Taste; choice specimens of native skill and ingenuity, useful labor saving machines, implements of husbandry, and new models of machinery in all their variety in fine every species of female fancy work or ornamental purpose, made of wood, stone, metal or other material. The productions of the loom in silk, cotton, wool, hemp, flax or hair, and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

In the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts as well as of our sister States, (whom we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation any working models that may be offered, which will render the Exhibition useful and interesting.

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W. DUTTON, Secretary.

THE OPPOSITION IN CONGRESS.

We wonder not that the attention of the country should be arrested at the spectacle presented in Congress in organizing the House. Many days were consumed and much feeling manifested—the public business retarded and expenses incurred solely and purely by the efforts of the opposition members, by a reckless, inconsistent and unpardonable use of their votes to keep the house in commotion, and thus defeat the business of the session. To illustrate this point we would call the attention of our readers to the fact that the vote on the motion to reconsider the vote adopting the Rules and Orders of the last Congress, except the Rule which rejected all petitions on the subject of slavery, stood 106 to 104. The vote of the members from Maine was as follows, viz:

For reconsideration.	*Against it.*
Clifford,	Allen,
Littlefield,	Bronson,
Lowell,	Fessenden,
Marshall,	Randall,

Three of the opposition members who voted for a reconsideration had previously voted for the adoption of the Rules with the exception of the Rule rejecting petitions on the subject of slavery; and had only one of them been consistent with his former vote, it would have produced a tie in the House. But for party, nay for the worst feature of party, retarding business which they could not control, they throw their votes one way to day and another way tomorrow, in perfect abandonment of all principle or consistency. Voting one day to admit the petitions of the people, and the next day whipping about and nullifying this vote, and in effect saying to their constituents and the country, we will not receive your petitions, however numerously subscribed or respectful in language they shall not come before us, nor shall they be read, or their contents stated in our presence.

This treatment of a free, generous, intelligent people by their public servants may well cause the blood to course with quickened pace, especially when the cause is the desire to bind together discordant elements for the purpose of creating low mischief. Such craven hearted and base servants may well be addressed in the language of "a petitioner to Congress," as expressed by Pierpont

"What! our petitions spurned! The prayer
Of thousands—tens of thousands—spread
Unheard beneath your Speaker's chair!
But ye will hear us, first or last—
The thousands that last year, ye scorned
Are millions now. Be warned! Be warned!"

If an indignant people do not thunder their condemnation of the treachery and inconsistency of their public servants who, when placed in responsible situations, turn and kick them in the face, then we shall confess our disappointment and mortification.

☞ There is an Ordinance of this city against Cows running at large between eight o'clock in the evening, and five o'clock in the morning.—This Law is greatly violated, and several of our friends who have had their gardens injured by cows in the night time, have expressed a determination to have the law enforced. After this caution the visits of the field drivers ought not to excite surprise or pusst'n.

☞ This evening our citizens will have an opportunity of seeing Phrenology tested in a most thorough manner at the City Hall. The whole evening will be devoted to Double and Single Test examinations of many marked and peculiar characters. Any one will be at liberty to select such persons for examination as they choose, provided they are marked characters. We anticipate a full house.

☞ The House of Representatives adjourned on Friday evening at 8 o'clock, after ordering the bill to a third reading, appropriating $25,000 to the relief of Mrs. Harrison, by a vote of 122 to 66.

VERMONT OPPOSITION CONVENTION. The opposition party in Vermont, held a Convention in Montpelier last week, at which they nominated Nathan Smilie, of Cambridge, for Governor Edward D. Barber, of Middlebury, for Lt. Governor. A Whig Convention is to be held in the same town on the 30th inst.

THE SHIP CHARLES.

We find the following in relation to this vessel, in the New York Tattler of Monday evening:

"Capt. Hubbard, of the brig America, which has arrived at this port from Charles, reports that on June 13th, he spoke the schr Ann from N Orleans, for Portsmouth, which vessel had on board the Capt. and crew of the ship Charles which had caused so much excitement at New Orleans. They had left the ship about a week previous with five feet of water in her hold. So much for the *second* pirate story from New Orleans. But what becomes of the pools of blood, and all the aggravated circumstances? We are firmly of the belief that there is something about this matter, which is not entirely O. K.

It is stated that Capt. Gorham of the Charles informed Capt Hubbard that he had abandoned his ship when sixty miles from the Balize, and ten days from N Orleans, with five feet of water in her hold. It was marked on the mate's slate, when the ship was found, that she continued to make water. He also said that he had thrown overboard about four hundred bales of cotton to lighten her.

No cotton is mentioned in the New Orleans papers as among the cargo of the Charles. It is said also by Capt H that the only person on board the Ann who spoke to him, was Capt Gorham, or a person who represented himself as such. He further says that he saw no females on board the vessel, and does not think there were any. This will seem strange, as there were several among the passengers of the Charles, when she left New Orleans.

CONGRESS.

[Correspondence of the Tribune.]

WASHINGTON, June 19, 1841.

This morning, to preclude all opportunity for further discussion, Mr Fillmore moved a reconsideration of the vote by which the resolution appropriating $25,000 to Mrs. Harrison was passed, and on this motion called the Previous Question. The motion was immediately negatived.

Petitions, resolutions and reports from Committees have been received to-day.

Numerous petitions from all parts of the Union, praying for a General Bankrupt Law, a National Bank, a Distribution of the Proceeds of the Public Lands, and a Protective Tariff, were presented.

Mr. Adams presented a petition, praying for the abolition of slavery in the District of Columbia. He had (he said) some hundreds of a similar character, which he supposed would be obnoxious to some members of the House. Under the resolution adopted, which limits action for the present session to the subjects of the President's Message, he supposed they would lie on the table, with others, till next session and to save the time of the House, instead of presenting them in the usual manner, he proposed to the House to allow him to present them to the Clerk to be entered on the Journal.

Messrs. Dawson, Wm. Cost Johnson and Mallory of Va. objected to this, and contended that the petitions could not be received and laid on the table, under the resolution but the *question of reception* was laid on the table, and thus the petitions not received. So it was decided by the Speaker

Thus Mr. Adams, under this rule, was denied the right of presenting his petitions, which he insisted should be enforced with regard to all others.

A resolution offered by Mr. Adams was adopted, requesting the President to communicate to this House the aggregate number of persons, and of what description, in each district, large town and county of the U States, according to the late census.

A resolution of Mr. Barnard was adopted, referring to the appropriate Committees the different portions of the President's Message

Mr. Barnard offered the following resolution:

Resolved, That the Select Committee on the Currency be instructed to inquire into the expediency of establishing a National Bank on the following plan:

[A plan was understood to accompany the resolution, but was not read, being objected to although desired by many members.]

The resolution and plan were laid on the table, and the plan ordered to be printed.

Supposing that a sketch of the plan would interest your readers, acquainted as they are with Mr. Barnard's deserved celebrity as a statesman and financier, I have taken measures, in advance of all other New York papers, to give you its outlines.

To be styled the United States National Bank Capital $25,000,000 shares $100 each. The Secretary of the United States, to purchase for the United States, 50,000 shares at par of the residue, 50,000 shares to be sold in open market at par, for specie only. To exist in the form of a Bank and Central Branch. The Bank and Branch to be located in the City of New York—other branches to be located as the Comptroller may direct—one in the District of Columbia. To be seven Comptrollers five to be stockholders other than the United States, and two to be appointed and removable at pleasure by the Secretary of the Treasury circulating notes to be paid on demand at the Central Branch the amount of issue and circulation at any one time, not to exceed the capital actually paid in. no one, not a citizen, can be Comptroller, or Director, or vote at any election by the shareholders its duration to be thirty years, unless sooner terminated by the action of Congress declaring it at any time after ten years from its charter, that in five years its charter shall cease.

ARGUS.

REPORT OF THE SECRETARY OF THE TREASURY.

This document is not of great length, but is nevertheless, of great interest to the public Mr. Ewing well sustains his reputation in it for a clear headed man, and how different is it from the foggy productions of Mr. Woodbury! From this report we learn that on the 31st of August next, there will be a deficit in the Revenue to meet the expenditures of *five millions two hundred and fifty one thousand dollars*! which shows the necessity of an Extra Session of Congress inasmuch as the Government could not have got on without new ways and means, so deeply in debt did the last administration leave the Treasury to their successors.

The aggregate of debt and deficit to be provided for in this and the ensuing year, is

$18,860,215 18

without leaving any thing in the Treasury to provide for unexpected demands, or to supply unexpected deficits in the revenue.

The excess of expenditure by the last administration over the current revenue, is set down at

$31,310,014 20,

which shows the enormous waste of the public money, for which the Whigs rightly held the party in power responsible.

The late administration, it seems, not only used up a surplus revenue of over seventeen millions, but added to it about fourteen millions more of expenditure!

In view of these facts, was there not a necessity for and a jest ory in behalf of Reform and Retrenchment in the expenditures and extravagance of the Government?

We see in this document (says the Portland Advertiser) the substantiation of the charges we have often been called upon to make against the administration of Mr. Van Buren. We read of its extravagance in the creation of a National Debt of TWELVE MILLIONS, and in the excess of its expenditures of THIRTY-ONE MILLIONS beyond its revenue. What are we to think of all this, but what has been repeatedly charged, that the late administration was badly managed, and corruptly and extravagantly conducted.

The twelve millions of debt, and thirty-one millions of extravagance are, however, but small legacies of the disorders and disasters the late administration left the country.—They destroyed the best currency a people ever had. They inflated that currency by their measures to a sudden and unnatural extent, and after inviting and tempting investments and speculations, they as suddenly prostrated it by their specie circulars and other extravagancies, so that thousands were bankrupted, and the commerce and trade of the country have been kept in jeopardy ever since.

In the account current of the Secretary of the Treasury, as he puts the books, and take a review of their contents, we begin to see what are the words and ends of Van Burenism. Have we not a right to congratulate ourselves then, that the Administration has passed into other hands, and that it is not to exert our lives to sustain their hands, till the reform and investigations are thoroughly carried out? That the participators in this excess of expenditures, that these creators of a National Debt, will make no outcry against all we do, and all we discover, must be expected, as a matter of course, but we may safely open to the people the good we have done, and the facts they wish to know, they will continue to rally to our aid, as they have done in the recent elections that have been such signal triumphs.

☞ Mr. Buckingham, in his late work, published in England, describing his travels in this country, pays the following compliment to the American ladies:

"The women, moreover, are much handsomer than the men. They are almost uniformly good looking, the greater number are what would be called in England, "pretty women," which is something between good looking and handsome in the nice distinction of beauty. This uniformity extends also to their figures, which are almost universally slender and of good symmetry. Very few large or stout women are seen; and none that we should call masculine. A more than usual degree of feminine delicacy, enhanced by the general paleness of complexion and slightness of figure, is particularly characteristic of American females; and the extreme respect and deference shown to them everywhere by men, has a tendency to increase that delicacy, by making them more dependent on the attention and assistance of others, than English ladies of the same class usually are."

A LITTLE TOO SOON.—The Loco Foco organ in this city, was rather too fast in its croaking exultations on Saturday over the divisions in the Whig ranks in Congress, which it fondly flattered itself were irreconcilable. The consummate imprudence that would attribute to the Whigs the disgraceful scenes of confusion and discord recently enacted at Washington is only equalled by its mendacity. The country disgraced!—And whom have we to thank for it? Whom but the *whole Tory party in Congress*? *Charles J Ingersoll a Locofoco!* who once said, that had he lived in the days of the Revolution he would have been a Tory, as he is *now*! Who made the second motion to reconsider, and thus brought about these very scenes of anarchy? *Fornance* of Pennsylvania, another bitter Loco Foco! Who voted for the abolition of the standing rules? *The whole Loco Foco party.* Who voted against the triumphant motion of Mr. Stuart of Virginia, and thereby, in fact, voted against proceeding at once to business? ☞ EVERY TORY MEMBER IN CONGRESS! ☞ drive the anarchists from the Capitol forsooth! Who are they but the whole rank and file of the Tories, with their beaten and disheartened allies? Thank heaven, in spite of Tory factions, and weak minded Whigs, order and business have triumphed by a vote UNANIMOUSLY!

WHO IS A BEAUTIFUL WOMAN?

Female beauty in the limited sense of the word, is that outward form and proportion which corresponds with the theories of poets and the rules of artists of which every nation has examples, and of which every woman has a share But beauty, by a more natural definition of the word, is that indescribable charm, that union of many qualities of person and mind and heart, which insures to man the greatest portion of happiness.

Wherever there is most bosom tranquility, most domestic happiness, there beauty reigns in all its strength. Look at that mud novel on one of the wild hills of Ireland; smoke is streaming from the door and window; a woman to six healthy children and a happy husband, is proportioning out a simple and scanty meal She is a good mother and an affectionate wife; and though tinged by smoke and mottled by care, she is warmly beloved; she is lovely in her husband's eyes, and is therefore beautiful. Go into yon Scottish cottage, there is a clean floor, a bright fire, merry children, a thrifty wife, and a husband who is nursing the youngest child, and making a whistle for the eldest The woman is lovely and beautiful, and the image of thrifty and good housewifery, beyond any painter's creation; her husband believes her beautiful, too, and whilst making this little instrument of melody to please his child, he thinks of the rivals from whom he won her, and how fair she is compared to all her early companions. Or here is a house at hand, bemmed round with fruit trees and flowers, while the blossoming tassels of honeysuckle perfume us as we pass in at the door. Enter and behold that English woman, out of keeping with all the rules of academic beauty, full and simple in her person, her cheeks glowing with health, her eyes shining with quiet happiness, her children swarming like summer bees, her house shining like a new clock and her movements as regular as one of Murry's chronometers. There sits her husband, a sleek contented man, well fed, clean lodged, and softly handled, who glories in the good looks and sagacity of his wife, and eyes her affectionately, as he holds the shining tankard to his lips, and swallows slowly, and with protracted delight, the healthy beverage which she has brewed Now this is a beautiful woman; and why is she beautiful? She is beautiful, because the gentleness of her nature and the kindness of her heart throws a household halo around her person adorning her as a honeysuckle adorns an ordinary tree, and impressing her mental image on our minds Such is beauty in my sight—a creation more honorable to nature and more beneficial to man, and in itself infinitely more lovely, even to look upon, than those shapes made according to the line and level of art, which please inexperienced eyes, delude dreamers, fascinate old bachelors, catch the eye and vex the heart.

London Anniversary of 1829.

FILIAL AFFECTION REWARDED.

Gustavus III. King of Sweden, passing one morning on horseback through a village in the neighborhood of his Capital, observed a peasant girl of interesting appearance, drawing water at a fountain by the way side. He went up to her and asked her for a draught. Without delay she lifted her pitcher, with artless simplicity putting it to the lips of the monarch. Having satisfied his thirst, and courteously thanked his benefactress, he said:

"My girl, if you will accompany me to Stockholm, I would endeavor to fix you in a more agreeable situation."

"Ah, sir" replied she, "I cannot accept your proposal. I am not anxious to rise above the state of life in which the providence of God has placed me; but even if I were, I could not for an instant hesitate."

"And why," rejoined the King, somewhat surprised!"

"Because," answered the girl, coloring, "my mother is poor and sickly, and has no one but me to assist and comfort her under her many afflictions; and no earthly bribe could induce me to leave her or to neglect to discharge the duties a daughter owes to her."

"Where is your mother," inquired the monarch.

"In that little cabin," replied the girl, pointing to a wretched hovel beside her.

The King, whose exchange were interested in favor of the pavilion, went in, and stretched on a bed-stead, whose only covering was a little straw, an aged female, weighed down with years, and sinking under infirmities. Moved at the sight, the monarch addressed her "I am sorry, my poor woman, to find you in so destitute a condition."

"Alas sir," answered the venerable sufferer, "I should need to be pitied, had I not that kind and attentive girl, who labors to support me, and omits nothing that she thinks can afford me relief May a gracious God remember it to her for good," she added wiping away her tears.

Never, perhaps, was Gustavus more sensible than at that moment of the pleasure of possessing an exalted station. The consciousness of having it in his power to assist a suffering fellow creature almost overpowered him; and putting a purse into the hand of the young villager he could only say, "Continue to take care of your mother, I shall soon enable you to do so more effectually." Cheered by my amiable girl you may depend on the promise of your king

On his return to Stockholm, Gustavus settled a pension for life on the mother, with the reversion to the daughter after her death

London Weekly Visiter.

As a specimen of the amatory poetry of the West, we give the following tender and affectionate effusion:

"MY BEAUTIFUL! MY OWN!"

BY LEWIS J. CASS.

My gentle girl! my loved my own!
Whatever in the bride
To me come weal or woe, the fates
I'll mock at and deride.
I would not care, at me were all
Their shafts of malice thrown.
So long as thee dear girl, I call
"MY BEAUTIFUL! MY OWN!"

There may be maidens, love, on earth,
More fair than even thou;
And noble dames, of lofdier birth
Than thine, there are I know;
But yet my own dear girl! above
The queen upon the throne
I prize thee, and thy gentle love
"MY BEAUTIFUL! MY OWN!"

There may be those of higher state
And riches than are thine;
It might be, though thy wealth were great,
That greater far were mine;
But who could richer treasures find,
More precious gems be shown,
Than thine, the jewels of the mind!
"MY BEAUTIFUL! MY OWN!"

There may be those more deeply skill'd
Than thou in musty lore,
There may be heads even better filled
With useful learning's store.
Yet learned enough for me thou art;
Nor learning hast alone,
But a warm, and true, and gushing heart,
"MY BEAUTIFUL! MY OWN!"

There may be those by *others* deemed
More beautiful than thou;
But none to *me* have ever seemed
So worthy love's pure vow:
Though many a form, with beauty warm
And loveliest face I've known,
Yet none to me but *thou*, can'st be
"MY BEAUTIFUL! MY OWN!"

Important Caution.

It is a singular fact and one much to be regretted, that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity. It is therefore no less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever alienate disgusted heartless ingratitude, who thus irresponsibly trifle with health and life.

CHARLATAN NOTICE

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine. This person is tall and blustering, with a great Theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brower, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself.

In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open and discharge freely their allotted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause, the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times and under all circumstances, with perfect safety. They suit all complaints and all ages and are as natural to the human constitution as food; consequently they can never injure even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from the life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels [illegible] not only irritate and excite the nervous system but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

NEW AND IMPORTANT DISCOVERY.

DR. PHELPS' COMPOUND

TOMATO PILLS,

[ENTIRELY VEGETABLE.]

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also, a

Substitute for Calomel;

as a Cathartic in Fevers and all Bilious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT with other vegetable substances which have been found to modify and direct its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Bilious diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases, prevent the formation of Bilious and Liver affections Fever and Ague, &c. in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for these localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scrofulous and Scrofulous Tumors in all their forms; and if persevered in, in case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System that their effects are so peculiar and potent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing ptyalism or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future developement of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was induced by the hope that a medicine prepared with much care, and strict regard to the Chemical and Theraupeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find them a powerful assistant to nature in the important change in the functions of the system, removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scrofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deduction from the vital powers of the system.

As a Dietetic or Dinner Pill one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in deserts or fruit.

☞ For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

☞ Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the label is signed G. R. PHELPS, M. D. Price 37½ cents, with full directions accompanying each Box.

From the Boston Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum plant of plants, particularly in the Tomato, which promises to be of peculiar service in Lung Affections, Scrofula and Glandular obstructions, particularly of the Liver also an antidote to Mercury. It is combined in the Compound Tomato Pills, which are truly worthy of a trial.

known to be powerfully efficacious as a purgative remedy in morbid secretions of the Liver and Stomach, impurities of the Blood, diseases of a bilious type generally. It is an elegant substitute for calomel, as an alterative and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

CONSUMPTION.

DR. ALLEN'S BALSAM of Horehound, Liverwort, and Pleurisy Root, for CONSUMPTION and LIVER COMPLAINT, Colds Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Painful Expectoration, and all affections of the Chest, Lungs and Liver.

The Horehound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen after a series of experiments has been able to extract from these medicinal herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children labouring under Inflammation of the Lungs Colds, Coughs, Croup, Quinsy, and Sore Throat the Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble, anxiety, and expense, let them procure Dr. B. D. Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, using of one thousand families employed this remedy in the city of New York. The consequence was, that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures performed in the month of May, 1839, as furnished us by the agent, and published in the New York Sun.

"Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Horehound, Liverwort and Pleurisy Root during the month of May. It has cured and completed the cure of

Consumption in	1121	cases.
Liver complaint	102	"
Dyspepsia	196	"
Asthma	91	"
Palpitation of the Heart	87	"
Raising Blood	65	"
Total	1652	

"The number of Colds and Coughs cured by this medicine are too numerous to report."

☞ CAUTION Purchase none unless it has a Certificate of Copy right on wrapper and label, and the written signature of B. D. ALLEN, M. D.

The following certificates show the high estimation in which Dr. Allen's Balsam is held.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Horehound Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint and we do strongly recommend it to the faculty and the public generally.

Dr. B. D. ALLEN. Dear Sir: For the year past I have been in the habit of prescribing your Balsam of Horehound, Liverwort and Pleurisy Root to my patients in private practice. I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma and Bronchitis, I have found it a very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be Yours, &c.

Dr. B. D. ALLEN. Dear Sir: I am most happy to inform you that your Balsam of Hoarhound, Liverwort and Pleurisy Root, has cured me of the Liver complaint; a disease under which I had laboured upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance has it been successful. Hoping that God may spare your life for usefulness. I am respectfully yours.
